#### **Description:**

This AC Electronics UL Listed Emergency Backup Driver allows a single fixture to be used for both regular and emergency (loss of power) operations. If power fails, this emergency driver switches to "Emergency Mode". It will then operate the LED modules for 90 minutes at an output voltage in the range of 15-55 V. It can be used in

#### **Product Features:**

- $\cdot$  At least 90 minute operation in emergency mode
- · Wide range input voltage range 120-277 VAC
- Test switch and AC Power-On LED indicator for manual test
- Operating Temperature Range 0°C Through 55°C
- Up to 79% Efficiency
- Surge Protection 3 Kv
- Open/Short/Over-Voltage/Over Temperature protection
- Weight: 1.43 lb.

#### Safety:

- UL and cUL Listed as an LED emergency driver (UL 924)
- UL/cUL Class 2
- UL Classified Field or Factory Installation
- Two-wire universal AC Input
- Self-sensing output voltage adjusts to various LED loads
- Includes battery status indicator
- Long life high temperature LiFePO<sub>4</sub> battery
- Maximum Case Temperature 66°C @ 3-year warranty
- · Warranty: 5 years based on a max. case temp. of ≤60°C\*
- AC Driver maximum output current = 5.0 Amps
- $\cdot$  Soft-switching to prevent spikes and protect the longevity of LED modules

conjunction with switched and unswitched fixture applications. During Emergency operation, this driver will drive any LED module that is designed to accept a current input of 60mA and has an input voltage in the range of 15-55 VDC.

#### **Product Benefits:**

- Title 24 compatible
- Maintains constant emergency light levels. No power/light degradation throughout the 90-minute runtime.
- · Can be used with existing or new fixtures.
- LiFePO4 batteries have a life span up to 10 times longer than that of traditional lead acid batteries. They also operate with much lower resistance and consequently recharge at a faster rate.
- CCR title 20 Division 2

#### **Aplications:**

- New and existing fixtures
- Emergency back-up installations
- Emergency only fixtures
- With constant current Class 2 LED driver

## 5-Year USA-Backed Warranty\*

See complete AC Warranty information for details

For questions or to place an order contact us at oemsales@aceleds.com or 800-375-6355 or your local WPG Americas Sales representative at inquiry@wpgamericas.com or 888-WPG8881

Data is based upon tests performed by ACE LEDS in a controlled environment and representative performance. Actual performance can vary depending on operating conditions. Specifications are subject to change without notice. All specifications are nominal unless otherwise noted.

# ACE-G4L55-73N Emergency LED Driver

#### **ENCLOSURE:**

Mounting hole for test switch

Panel thickness 4mm Max

Lead Lengths (Solid Hook-up Wires)						
Black	24"	Blue	24"	Brown	24"	
White	24"	Red	24"	LED Indicator	7.08"/	
Yellow/Black	24"	Yellow	24"	& Test Switch	23.62"	
				Battery Connector	33.07"	

Dimen	Dimensions / Weight					
Length	16.53"	Height	1.1"			
Width	1.20"	Mounting Length	16.25"			
Weight	1.43 lb					

#### **INSTALLATION:**

This emergency backup driver may be used with either a switched or unswitched fixture. If a switched fixture is used, an unswitched hot lead must be connected to this emergency backup driver to allow its battery to charge when AC power is available. The emergency backup driver must be fed from the same branch circuit as the AC powered driver (if used). This emergency backup driver should NOT be installed with fixtures where the ambient temperature may fall below 0 °C (32°F).

- Maximum remote mounting distance to LEDs is 18 feet.
- · The emergency LED driver case should be grounded.
- $\cdot$  18 AWG 600V/105°C tinned stranded copper lead-wires required for installation.
- The emergency LED driver shall be installed inside an electrical enclosure.

\*AC Electronics/AC LED Power Designs warrants to the purchaser that each Emergency LED Driver will be free from defects in material or workmanship for a period of 5 years when operated at max case temp of up to <60°C when properly installed and under normal conditions of use. See aceleds.com for complete warranty policy.
